

## Provider Approval Process

Five Fish Foundation offers financial assistance to individuals with special needs for therapy, programs and certain products that are not covered by their insurance. A Five Fish Foundation Scholarship is paid directly to the Provider when an applicant has been selected to receive an award. Five Fish Foundation recognizes that many therapies, programs, and products can be extremely valuable for a child's progress and their ability to reach their full potential.

To become an Approved Provider with Five Fish Foundation, the Provider must:

1. Provide Form W-9, Request for Taxpayer Identification Number and Certification
2. Provide copies of professional credentials (i.e., license, certification, State registration, etc.), and must meet all professional standards for delivery of that type of therapy or program
3. Provide a summary of services provided to include number of years' experience in treating individuals for the purpose for which the applicant is seeking funds and for which the provider claims expertise
4. Provide fee schedule and services provided. Include copies of any marketing material that gives information about your service or product.
5. Agree to partner with Five Fish Foundation for service delivery to our scholarship recipient
